

NOTICE TO RIVERSIDE AVENUE BUSINESSES/RESIDENTS

IF YOU HAVE RECEIVED THIS LETTER, YOU ARE IN THE AFFECTED AREA

April 26, 2024

Please be advised Dexter Construction Company Ltd. has been contracted by the Town of Stewiacke (STEW-2023-04) to install new waterworks infrastructure, concrete curb, concrete sidewalk, and asphalt pavement on the entirety of Riverside Avenue.

During installation of new water, sewer, and storm sewer mains, sections of Riverside Avenue will be closed with access to local traffic only. During construction, traffic control setups will be utilized to conduct work on Riverside Avenue. Part of this work will involve deep trenching and excavations which will impact your ability to access your driveway between the hours of 7am to 6pm. Detours will also be in place where required to limit traffic flow through our work area.

During this period, our crews will work with you to ensure you have access to your home and vehicle, by directing you to park on Riverside Avenue outside of our immediate work area. Workers will also ensure that garbage pickup is not interrupted and will assist with handling your garbage on collection day when necessary if our work impedes access to your home.

A separate notice will be delivered if your property requires a temporary water setup during construction. If you are required to have a temporary water setup to your property, we will ensure that the service is installed and maintained during construction.

Construction will begin on April 29th and will continue through the spring and summer of 2024. We apologize in advance for any inconvenience this work may cause and thank you for your co-operation during construction.

If you have any questions or concerns at all during the duration of this work, please reach out to the undersigned contacts below.

Sincerely,

Andrew Austin, P.Eng.
