AMALGAMATION

Why Does Your Input Matter?

What is Amalgamation?

Amalgamation is a process that reshapes municipal services, like economic development, infrastructure investment, and municipal service delivery.

Ensuring Decisions are Community Centered

This opportunity aims to ensure that every decision made reflects the needs, values, and priorities of the residents of the Town of Stewiacke.

This initiative focuses on understanding the effects and impacts of:

- **Community Identity:** Exploring efficiency with the unique traditions and character of each municipality.
- **Service Delivery:** Investigating how amalgamation might impact municipal services.
- **Taxation and Costs:** Analyzing the financial implications while ensuring transparency.
- **Representation:** Making certain that all voices are heard and taken into account throughout this process.
